

EPISCOPAL CHURCH IN CONNECTICUT

PARTICIPATING IN GOD'S MISSION

Topic: Health Ministry in the Parish

Speaker: Ginny Wagenseller

Parish: Christ & Holy Trinity, Westport

With a background in pediatric and public health nursing, I was drawn 10 years ago to engage in parish nursing and health ministry. Orientation to this took place at Virginia Theological Seminary through Episcopal Health Ministries. Continued networking and education are through St. Vincent's Medical Center Parish Nurse Program in Bridgeport. I serve on the staff as Parish Nurse at Christ & Holy Trinity in Westport, Conn., where my primary focus is on pastoral care, wellness promotion, patient advocacy. As Diocesan Liaison to Connecticut and Regional Representative to Province 1 of Episcopal Health Ministries, I maintain contact with the growing interest in health ministry in a variety of different types of congregations.

Presentation Length: 45 minutes including questions (longer or shorter OK)

Availability: Not on Thursday nights or Sunday mornings

Geographic limitations: Willing to travel
