**Q: What is the Episcopal Asset Map?**

**R:** A tool to connect people, foster collaboration, share ideas and information.

**Q: Where did it come from?**

**R:** It was developed by the U.S. Disaster Program at Episcopal Relief & Development and the Office of Justice and Advocacy Ministries of the Domestic and Foreign Missionary Society (The Episcopal Church)

**Q: What is it supposed to show?**

**R:** When completed, the Episcopal Asset map will show the locations of parishes and other Episcopal facilities in every diocese, and it will show basic information about each, including its organizations and ministries.

**Q: How would I use it?**

**R:** Click on nearby churches to see if there are opportunities to work together and/or learn from one another. You can also search for a specific ministry type.

**Q: Where does all this information come from?**

**R:** Each location provides its own information, which they can edit and update. Go to the map, find and click on your parish/facility. On top right, select, "Take the Survey!")

**THIS FORM SHOWS THE QUESTIONS THAT ARE IN THE SURVEY AND IS PREPARED AS A WORKSHEET.**

**THE ACTUAL SURVEY MUST BE TAKEN ONLINE IN ORDER FOR THE MAP TO BE UPDATED.**

Sylvia Ho, ECCT's elected representative to Province One of The Episcopal Church, is working with the ECCT Disaster Response Ministry Network. She'll take a limited number of completed forms and enter the information for you before and during ECCT's Annual Convention Nov. 13-14, 2015. She will continue as an administrator for our asset map.
