

Parishes in Good Standing in October, 2019

The Canons of the Episcopal Church in Connecticut require parishes to provide financial reporting and to manage their finances in a business-like fashion, along a number of specific dimensions. Compliance with these Canons varies widely according to information on file at the Commons:

- All 161 parishes have completed and submitted their 2017 Parochial Reports
- 155 have drawn less than a combined 25% from their endowments in support of parish operations in the last 2 years
- 153 parishes have no obligations over 60 days past due with their clergy pension contributions
- 134 parishes are current with their Common Mission Support and Insurance payments to ECCT
- However, only 79 parishes have submitted audits or financial reviews for both 2016 and 2017.

According to our records, the 69 parishes in the table below have complied with all of these canonical requirements as of the start of ECCT's 2018 Annual Convention.
